ONLINE PHLEBOTOMY PROGRAM

HOW THE ONLINE PROGRAM WORKS

- 1 **PAYMENT & ACCESS** – After payment, you will receive access to our student website.
- 2 **LEARN AT HOME** – Complete PowerPoint modules, watch lessons, review materials, and take quizzes & tests at your own pace.
- 3 **HANDS-ON CLINICAL TRAINING (REQUIRED)** – You must attend scheduled hands-on training days in our classroom.
- 4 **ADDITIONAL PRACTICE** – After completing the program, you are welcome to continue attending hands-on training for extra practice and experience at no additional cost.

HANDS-ON TRAINING (REQUIRED)

Clinical training is required for all online students.
Practice in class:

- Venipuncture Procedures
- Capillary Punctures
- Venipuncture using Manikin Arms
- Lab Practices
- One-on-One Instruction & Support
- Any Questions You Want to Review

Clinical training is done in the classroom.

CERTIFICATION & EXAM ELIGIBILITY

Upon successful completion of the program, passing all tests, and attending all required clinical training, you will receive a Certificate of Completion and be considered a Certified Phlebotomy Technician.

Students can take the AMT Registered Phlebotomy Technician (RPT) certification exam after meeting the applicable requirements. Certification is strongly recommended and preferred by employers.

UNLIMITED ADDITIONAL HANDS-ON PRACTICE

All students — in-person and online — can return for extra practice in our classroom to continue building skills and confidence!
