HOW THE ONLINE PROGRAM WORKS

1. LEARN AT HOME

After your payment is received, you will get access to the student website. PowerPoint modules, assignments, quizzes, and tests are completed at home at your own pace.

2. TEST YOUR KNOWLEDGE

Quizzes and tests follow each module. You must pass with at least 70% or higher. If you do not pass, you will have one additional attempt.

3. HANDS-ON CLINICAL TRAINING (REQUIRED)

You will attend hands-on training in our classroom to practice skills and build confidence. Clinical training is required for completion of the program.

4. UNLIMITED PRACTICE

Once you complete the program, you are welcome to return to any scheduled hands-on training days for additional practice and experience—at no extra cost.

WHAT YOU WILL LEARN

- ✓ Phlebotomy Basics
- ✓ Safety & Infection Control
- ✓ Equipment & Supplies
- ✓ Order of Draw
- ✓ Venipuncture Procedures
- ✓ Capillary Punctures
- ✓ Specimen Handling
- ✓ Lab Practices
- ✓ Professionalism
- ✓ And More!

HANDS-ON TRAINING (REQUIRED)

During your hands-on training, you will practice the following:

- Venipuncture Procedures
- Capillary Punctures
- Venipuncture using Manikin Arms
- Lab Practices
- One-on-One Instruction and Support
- Any Questions You Want to Review

Clinical training is done in the classroom.

CERTIFICATION & EXAM ELIGIBILITY

Upon successful completion of the program, passing all tests, and attending all required clinical training, you will receive a Certificate of Completion and be considered a Certified Phlebotomy Technician.

Graduates are eligible to apply to take the AMT Registered Phlebotomy Technician (RPT) certification exam after meeting the applicable requirements. Certification is strongly recommended and preferred by employers.

OUR GOAL IS YOUR SUCCESS!

We are committed to providing quality education, hands-on experience, and ongoing support every step of this way. We're here to help you achieve your goals!
